Raptor ATAC

12GA/20"

General Description: 3" gas operated, semi-automatic tactical shotgun that allows you to shoot light to heavy loads. Removable choke system that uses Beretta® Mobile threads includes one choke tube (Extended Cyl Choke), choke box and choke wrench. Highly durable injection molded stock w/ fixed pistol grip and forearm. The Raptor ATAC features a picatinny rail and ghost ring sight mounted, plus a fiber optic bridge front sight, fixed pistol grip stock with soft rubber gripping and swivel studs. Backed with a five-year mechanical warranty.

Features:

- Magazine Cut-Off
- Vent Rib w/ Matted Sight Plane
- Bridge Front Sight with Fiber Optic Bead
- Picatinny Rail with Ghost Ring Sight Mounted
- 5 Round Magazine – Shot Plug Included
- Quick Shot Plug Removal
- Chrome-lined Chamber and Barrel
- Swivel Studs
- Extended Beretta® Mobile Choke (Cyl)

Action: Gas operated semi-automatic. Bolt remains open after last round is fired. If magazine and chamber are both loaded, opening action will result in ejecting shell from chamber but will not cycling new shell from magazine into the chamber. Magazine cut-off is located near trigger guard and must be pushed to eject shell from magazine. This allows shooter to clear chamber but keep magazine loaded.

Safety: The primary safety is located on the backside of the trigger guard. When engaged, the safety is designed to block the trigger, hammer lever and the hammer which makes the firing mechanism immobile.

Magazine: Tubular magazine; bottom loading. Shot plug is included and comes installed. Shot plug is easily removable by unscrewing the magazine cap. Simply pull plug out and replace magazine cap.

Item No.: 20120
