FOR IMMEDIATE RELEASE

TRISTAR INTRODUCES THE VIPER G2 BRONZE

TriStar Arms has expanded its flagship line of Viper G2 shotguns with the addition of the all-new Viper G2 Bronze. Available in both 12 gauge and 20 gauge, the new Viper G2 Bronze is a reliable semi-automatic shotgun that is ideal for target shooters and upland bird hunters.

The fit and finish of the Viper G2 Bronze have a classic feel, with a long-lasting Bronze Cerakote finished receiver and a stock and forearm made of high-grade Turkish walnut with cut checkering and semi-gloss finish.

The Viper G2 Bronze has a 3-inch chamber and a 5-round magazine tube. The barrel has a vent rib with matted sight plane. The Viper G2 Bronze also has a fiber optic front sight for fast and easy target acquisition. It comes with a removable choke system that uses Beretta®/Benelli® Mobile Threads. It includes three choke tubes (IC, M, F), choke box, and wrench. A shot plug is included with the firearm.

The 12 gauge version has a 28-inch barrel and weighs 6.8 pounds, while the 20 gauge version has a 26-inch barrel and weighs 6.2 pounds. Both models of the Viper G2 Bronze shotguns have an MSRP of \$759.00 and are backed by a 5-year warranty.

Like all TriStar shotguns, the Viper G2 Bronze was put through a 5000-round endurance test to ensure that it is a firearm TriStar customers can depend on.

TriStar Viper G2 Bronze Features:

- Manual E-Z Load Magazine Cut-Off
- Vent Rib w/ Matted Sight Plane
- Fiber Optic Sight
- 5 Round Magazine- Shot Plug Included
- Quick Shot Plug Removal
- Chrome-lined Chamber and Barrel
- High Grade Turkish Walnut
